

Adjustable Pallet Trucks

Yellow Jack-It Adjustable Hand Pallet Truck

The only pallet truck in the world with manually adjustable forks, requiring no tools! Using the ergonomic hand crank, adjust forks from 690mm to 330mm. The **Yellow Jack-It** replaces your current fleet of pallet trucks and leaves you more space in the warehouse or delivery truck.

With an easy to crank handle, the **Yellow Jack-It** forks slide from side to middle, quickly adjusting to whatever size you need. Half pallets, full pallets, side entries, OSHA pallets, or odd size item, the **Yellow Jack-It** can move it – simply adjust the forks and GO!

- ▶ **Adjustable forks** - Using the patented technology, adjust the forks from 690mm inches to 330mm in seconds!
- ▶ **German sealed pump kit** - Unique double seal design ensures long life span. Unique pump technology allows for controlled descent speed regardless of load weight.
- ▶ **Heavy duty, reinforced forks** - Designed for strength and durability. Ensures 25% more strength than a standard fork. The truck can be used frequently in the toughest conditions.
- ▶ **Ergonomic handle** - Ergonomically designed handle offers a comfortable grip in all temperatures and provides more lifting height per stroke than a regular handle.
- ▶ **Self-lubricating bearings** - Ensures long life.
- ▶ **Additional entry and exit rollers** - Offers easier entry and exit from pallet and protects load wheels.
- ▶ **Hand control** - Easy to operate, 3-function hand control (raise, neutral, lower) for smooth control.
- ▶ **Safe** - The Yellow **Jack-It** adjusts to the size you need – avoiding the need to balance loads or strain your back.
